This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration from the Alfa 158 - the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The

12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.

Carlos Villa Mark Dean Johnson 2022-01-25

"Carlos Villa has been described as the preeminent Filipino American artist--a legend in artistic circles for his groundbreaking approaches and his influence on countless artists--but he remains little known to many fans and scholars of modern and contemporary art. Carlos Villa: Worlds in Collision is the first museum retrospective of his work, presented at the San Francisco Art Institute and the Asian Art Museum of San Francisco. Villa was trained at the San Francisco Art Institute in the 1950s as an abstract expressionist, and over time he transformed his practice to address issues of ethnic and cultural diversity. He concurrently assumed a leadership role in 'Third World' and 'multicultural' international art movements, and his large-scale works reference non-Western traditions, including tattoo, scarification, ritual, and ceremony. He was also an important theorist, curator, and organizer of public forums that he called 'actions.' This book traces the arc of his career from 1969 until his death in 2013, with emphasis on his feathered works from the 1970s, as well as later works that address aspects of the history of Filipinos in the United States. It illuminates the social and cultural roots--and global importance--of Villa's art and teaching career as he sought to forge a new kind of art-world inclusion that reflected his own experience, commitment to diversity, and boundary-bending imagination"--
