The Guru of Love Samrat Upadhyay 2013-02-01
A New York Times Notable Book: "A ravishingly seductive novel . . . set in contemporary Kathmandu" (Elle). Ramchandra is a math teacher earning a low wage and living in a small apartment with his wife and two children. Moonlighting as a tutor, he engages in an illicit

affair with one of his tutees, Malati, a beautiful, impoverished teenager, who is also a new mother. She provides for him what his wife, who comes from a privileged background, does not: desire, mystery, and a simpler life. Just as this Nepalese city struggles with the conflicts of change, Ramchandra must also learn to accommodate both tradition and his very

modern desires, in this “gripping” novel by the Whiting Award-winning author of Buddha’s Orphans (The New York Times Book Review). “Utterly absorbing . . . Upadhyay’s lucent and tender storytelling gently unveils the strange interplay between self and family, the private and the political, and most mysteriously, the erotic and the spiritual.” —Booklist “Poignant . . . The Guru of Love effectively weaves together the complicated dichotomies of man and mistress, love and lust, tradition and modernity.” —USA Today “Reads like a graceful, page-turning mixture of stirring romance and social commentary.” —Entertainment Weekly

Between Queens and the Cities Niranjana Kunwar 2020-11-13 *Between Queens and the Cities* is the riveting tale of a 19-year-old Nepali gay man and his long journey from Kathmandu to New York and back. Set against the backdrop of contemporary Nepal, the author reveals, with elan and ease, queer spaces where friendships are fostered outside the normalcy accorded to

family and marriage. In the process, he introduces many fellow travellers of the LGBTIQ community. With rare courage and outrageous emotional honesty, the author lays bare the ceaseless conflict of the mind and heart in exploring sexuality. He also compels the reader to interrogate dominant notions regarding love and longing and in doing so, reveals dynamic relationships that are not confined to the realm of queer intimacy alone. This memoir on the shaping of queer identity in the South Asian context bristles with deeper questions regarding belonging. "By showing us how he negotiated a life for himself, Kunwar helps queer Nepalis reimagine their lives anew. He also shows all of us Nepali society as we have never seen it before: young, dynamic, open, and urbane. There is hope yet for social change." - Manjushree Thapa, Author of *Forget Kathmandu* "Brave and beautifully written." -- Samrat Upadhyay, Author of *Arresting God in Kathmandu*

The Prisoner of Kathmandu Charles Allen
2015 The Prisoner of Kathmandu is the story of Brian Hodgson, Britain's "father of Himalayan studies." Born in 1801, Hodgson joined the Bengal Civil Service as a privileged but sickly young man. Posted to Kathmandu as a junior political officer, he initially felt isolated and trapped as he struggled to keep peace between the fiercely independent mountain kingdom and the British East India Company. Ultimately, his efforts were rewarded with an enduring friendship between Nepal and the United Kingdom. More than a biography of Hodgson and a study of political relations between countries, this book is also an in-depth look at the western Orientalist movement driven by the European Enlightenment. Hodgson, who studied Tibetan and Nepalese Buddhism, soon took interest in Nepal's biodiversity and the region's peoples and geography. He was also a key player

in the struggle between those hoping to reshape India along British lines and those working to preserve local culture. Though overlooked in his own lifetime, Hodgson was later recognized as a major figure in Asian studies, a leader whose achievements have contributed to anthropology, ethnology, and natural history. The extraordinary story of an extraordinary man, The Prisoner of Kathmandu sets the record straight while illuminating the history of Asian studies in the West.

Chettri 2007-12-07 Since its publication in the late 1950s, *Mountains Painted with Turmeric* has struck a chord in the hearts of hundreds of thousands of Nepali readers. Set in the hills of far eastern Nepal, the novel offers readers a window into the lives of the people by depicting in subtle detail the stark realities of village life. Carefully translated from the original text, *Mountains Painted with Turmeric* tells the story of a peasant farmer named Dhané (which means, ironically, "wealthy one") who is struggling to provide for his wife and son and arrange the marriage of his beautiful younger sister. Unable to keep up with the financial demands of the "big men" who control his village, Dhané and his family suffer one calamity after another, and a series of quarrels with fellow villagers forces them into exile. In haunting prose, Lil Bahadur Chettri portrays the dukha, or suffering and sorrow, endured by ordinary peasants; the exploitation of the poor by the rich and powerful; and the social conservatism that twists a

community into punishing a woman for being the victim of a crime. Chettri describes the impoverishment, dispossession, and banishment of Dhané's family to expose profound divisions between those who prosper and those who are slowly stripped of their meager possessions. Yet he also conveys the warmth and intimacy of village society, from which Dhané and his family are ultimately excluded.

Defense contractors for the United States Government during the Iraq War, and the widow who dedicated her life to finding justice for her husband and the other victims—a riveting tale of courageous heroes, corporate war profiteers, international business, exploitation, trafficking, and human rights in the age of global capitalism that reveals how modern power truly works. In August of 2004, twelve men left their village in Nepal for jobs at a five-star luxury hotel in Amman, Jordan. They had no idea that they had actually been hired for sub-contract work on an American military base in Iraq. But fate took an even darker turn when the dozen men were kidnapped and murdered by Islamic extremists. Their gruesome deaths were captured in one of the first graphic execution videos disseminated on the web—the largest massacre of contractors during the war. Compounding the tragedy, their deaths received little notice. Why were these men, from a remote country far removed from the war, in Iraq? How had they gotten there?

Who were they working for? Consumed by these questions, award-winning investigative journalist Cam Simpson embarked on a journey to find answers, a decade-long odyssey that would uncover a web of evil spanning the globe—and trigger a chain of events involving one brave young widow, three indefatigable human rights lawyers, and a formidable multinational corporation with deep governmental ties. A heart-rending, page-turning narrative that moves from the Himalayas to the Middle East to Houston and culminates in an epic court battle, *The Girl from Kathmandu* is a story of death and life—of the war in Iraq, the killings of the twelve Nepalese, a journalist determined to uncover the truth, and a trio of human rights lawyers dedicated to finding justice. At its heart is one unforgettable young woman, Kamala Magar, who found the courage to face the influential men who sent her husband to his death—a model of strength hope, bravery, and an unbreakable spirit who reminds us of the power

Natural Coincidence Bil Gilbert 2010-02-24 Bil Gilbert is one of America's most preeminent and popular essayists and nature writers. If you've ever opened a copy of Smithsonian, Audubon, or Sports Illustrated magazines, you've likely come across an article by Gilbert. In the past four decades, more than 350 of his articles and essays have appeared in places ranging from Esquire to the New York Times. Natural Coincidence collects some of Bil Gilbert's finest writing, covering a diverse range of subjects that include investigations of the biology of Tasmanian devils, the lives and loves of snapping turtles, and an appreciation of the intelligence of crows. Perfectly suiting this eclectic choice of angles is Gilbert's unique writing style, a blend of unprepossessing erudition, wit, and honesty that has been compared to Aldo Leopold's Sand County Almanac. The collection opens with a memoir of a childhood Christmas in western Michigan, before Gilbert's fascination with the

natural world drew him to more exotic locales like Tasmania, Alaska, Nova Scotia, and Manhattan to write about such topics as the javelina, bigfoot, buffalo, and ringtails. "More than 50 years ago," writes Gilbert, "without a clear notion about why or where I was going, I set off on a trip from Kalamazoo, Michigan. I am still traveling toward an unknown destination. But along the way, much more for reasons of good luck than thoughtful planning, I have met many wonderful beings and happenings. The essays appearing in Natural Coincidence represent an attempt to describe some of these wonders. I like to think, or at least pretend, that the inspiration for and theme of this book is gratitude."

Set in a city where gods are omnipresent, privacy is elusive, and family defines identity, these are stories of men and women caught between their own needs and the demands of their society and culture. Psychologically rich and astonishingly acute, with “a masterful narrative style” (Ian MacMillan), *Arresting God* in Kathmandu introduces a potent new voice in contemporary fiction. “Upadhyay brings to readers the flavor of Nepal and its culture in this impressive collection of nine short stories. Like Ha Jin’s *Bridegroom*, Upadhyay’s stories portray the lives of simple yet psychologically complex characters and reveal much about the universal human condition in us all. . . . Lost in Transition Kul Chandra Gautam 2018-06-19 Notwithstanding its natural beauty, natural resources and strategic location between India and China, Nepal remains mired in poverty. What holds Nepal's economy back? And what would it take to unleash its development potential? This book tries to address these issues from the perspective of a Nepali development professional with extensive experience in international development. From his perch at the United Nations, Kul Chandra Gautam followed the political and socioeconomic developments in his home country with a mixture of great hope and deep anxiety. He rejoiced at Nepal's good progress in achieving many of the Millennium Development Goals, such as drastically reducing maternal and child mortality, eradicating and controlling certain deadly diseases, promoting basic education and women's empowerment. But he was chagrined by the fratricidal Maoist insurgency that

derailed Nepal's nascent democracy and burgeoning economy. Gautam offers a candid critique of what ails Nepal's politics and economy, and how to rebuild the country from the ruins of the prolonged Maoist mayhem and the mega earthquake of 2015. He calls for an end to Nepal's seemingly endless political transition and shifting the nation's focus to economic development and social progress. *Global Citizen from Gulmi* Kul Chandra Gautam 2018-08-07 *Global Citizen from Gulmi* recounts Kul Chandra Gautam's journey from a remote village in Nepal, lacking schools, roads and electricity, to the highest ranks of UNICEF. By turns serious, amusing and poignant, it shares the highs and the lows of an illustrious career spanning three decades. It contains candid anecdotes about Gautam's interactions with international personalities such as Nelson Mandela, Aung San Suu Kyi, Bill Gates, Eduard Shevardnadze and King Bhumibol Adulyadej of Thailand as well as UNICEF's celebrity Goodwill

Ambassadors. Gautam also shares his insightful views on the future of Nepal, the UN and global society as a whole.

All Roads Lead North Amish Raj Mulmi
2022-05-01 During the June 2020 territorial dispute over Kalapani, India blamed tensions on a newly assertive Nepal's deepening relations with China. But beyond the accusations and grandstanding, this reflects a new reality: the power equations in South Asia have been redrawn, to make space for China. Nepal did not turn northwards overnight. Its ties with China have deep historical roots built on Buddhism, dating to the early first millennium. While India's unofficial 2015 blockade provided momentum to the rift with Delhi, Nepal has long wanted deeper ties with Beijing, to counteract India's oppressive intimacy. With China's growing South Asian and global ambitions, Nepal now has a

new primary bilateral partner-and Nepalis are forging a path towards modernity with its help, both in the remote borderlands and in the cities. All Roads Lead North offers a long view of Nepal's foreign relations, today underpinned by China's world-power status. Sharing never-before-told stories about Tibetan guerrilla fighters, failed coup leaders and trans-Himalayan traders, Nepal analyst Amish Raj Mulmi examines the histories binding mountain communities together across the Sino-Nepali border. Part history, part journalistic account, Mulmi's is a complex, compelling and rigorously researched study of a small country caught between two neighbourhood giants.

You Can Achieve More Shiv Khera 2018-08-23

While it is often said that a person with a negative attitude cannot be helped, it is also true that a person with a positive attitude cannot be stopped. Life is an obstacle course in which we can often become our own biggest obstacle, but a positive attitude can be transformational. In one sense, this book is a road map for a life journey in achieving more. It offers direction and can help you make positive decisions in a noisy and cluttered environment. Success is neither a

miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis. Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action. This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes. The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment but, once learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student

and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.

Karnali Blues Buddhisagar 2022-05 Karnali Blues, by Buddhisagar, is the most widely read Nepali novel to have appeared in the last twenty years. As it recounts the evolution of a father-son relationship-a son's search for approval, a father's small acts of kindness and forgiveness, a son's fears for his father's dignity as his fortunes and faculties begin to fail-the reader is deeply drawn into young Brisha Bahadur's world. His

father is kind and idealistic; his mother, though she is kind too, is often frustrated and irascible. The characters in this book are some of the most carefully drawn and authentic in all of Nepali literature. In a backwater district of a country about to undergo radical social, political and cultural change, Brisha's dreams, his games and his mischief, his loves, his hopes and his fears come alive. Translated from the Nepali by Michael Hutt, this highly original piece of work, with the simplicity of its language and its emotional range, holds the power to take your breath away. Its principal themes-the love between a son and his father, the joys and sorrows of childhood, the daily struggle for survival-are universal, and will resonate with readers the world over.

Nepal's great advantage is its location between India and China, particularly now as these two Asian giants are set to be the world's leading economies in 2050. Nepal has historically been at its most prosperous when it has leveraged this geographical position. Today, this opportunity emerges again--and in order to take advantage of the growth of India and China, Nepal needs to hitch its wagon to the fast-moving engines to its north and south. Sujeev Shakya argues that it is

imperative to understand history and learn from it to shape events for a better future. He analyses the social, political and cultural aspects underlying the current state of Nepal to strategize the recalibrations required to capitalize on its location. Economic transformations cannot be realized through money and management skills alone; they have to be driven by societal transformation. *Unleashing the Vajra* outlines the factors that will determine Nepal's destiny in the years to come.

la primera matemática del siglo V hasta la cantante Madonna. “Mujeres bacanas” nació como un blog donde cuatro amigas iban subiendo la biografía de una mujer emblemática al día. Hoy el mismo proyecto da forma a un libro ilustrado que compila la vida de 100 mujeres de todas las épocas e ideologías, de distintos orígenes raciales, de tendencias políticas disímiles y de las más amplias brechas económicas. Desde Violeta Parra rescatando puerta a puerta el folclor chileno hasta Juana de Arco siguiendo sus visiones para salvar a Francia. Todas tuvieron una misma pulsión en común, una que las volvió obstinadas, tercas y a veces locas, que las hizo cumplir con su sueño aun cuando esto significara su aislamiento o su muerte. Por diferentes circunstancias de vida, algunas por quiebres trágicos o simplemente por una pasión incontrolable que las impulsó de pronto, todas reafirmaron en sí mismas la convicción de haber venido a esta vida para algo. Se olvidaron de lo que les dictaba el

mundo, de lo que se esperaba de ellas, del miedo al rechazo, a la soledad, a ser catalogadas de raras y a las críticas. Se olvidaron de todo menos de sí mismas, y así marcaron la historia. Una forma de inspiración femenina que nos dice “Si ellas pudieron, nosotras también”.

Cabals and Cartels Rajib Upadhya 2020-08-12
If it were fiction, Nepal's saga would be labelled post-apocalyptic. For much of its recent history, the West romanticized Nepal as some La La Land; an abode to shiny, happy people holding hands. All that changed beginning in 1996 when a violent "Maoist" insurgency swept the country. The world was astonished to learn that grave social injustices and deep economic inequities belied the ubiquitous Nepali smile. A nascent, "democratic" polity failed to deliver and it chose to fight a deadly war of attrition instead. Nepal descended into deeper chaos when the heir apparent to the 240-year old Nepali crown gunned his family down - including the reigning king - prompting the world to write the nation

off as yet another "failed state". But twenty years and as many governments later, Nepal surprised everyone again. It resurfaced as the world's youngest, secular republic. Democracy prevailed where none would have expected it to. In *Cabals and Cartels*, Rajib Upadhyia takes us on a roller-coaster ride, rich in insight and innuendo, meshing extraordinary personal and professional experiences with an elegant historical narrative. His book is as much a celebration of the Nepali spirit that has weathered more than its fair share of trauma, as it is a cautionary tale of broken promises and foregone opportunities; of a political class bedevilled by its own worst instincts; of duplicitous friendships; and of grim economic prospects pinned down in its potentials by collusion and graft. Upadhyia's canvass is wide: from politics and democracy to governance, institutions, foreign aid and development; from contemporary history and anthropology to conflict and peace; from economic reforms to social mobility; and from

the promise of competitive federalism to the pitfalls of a creeping complacency that threatens to trap Nepal in the past. Upadhyia makes the compelling case for a fundamental reset, befitting Nepali aspirations of their new and progressive constitutional compact. But he also questions the will of the Nepali establishment to transcend deep rooted socio-political and economic prejudices. *Cabals and Cartels* is a story of foreboding. Equally, it is a soulful plea for reflection and change.
