**The Battle of Iwo Jima** Walt

Sandberg 2004-12-16

Beginning with the Marine assault on February 19, 1945, the Battle for Iwo Jima quickly became the bloodiest battle in Marine Corps history. Today this fierce battle remains high in our collective memories, not only for its terrors but for its indelible image of triumph: the raising of the flag on Mt. Suribachi. Much information exists about the Battle for Iwo Jima, but it is scattered and can be difficult to track down. This book draws the information together in two ways. It offers bibliographic listings to lead researchers to useful sources, and provides actual texts of documents related to the battle and its aftermath. Part One, "The Bibliography," offers information on more than 800 books, magazines, official documents, audio-visual materials and online resources about the Battle of Iwo Jima. Each listing is annotated to assist researchers, historians, veterans and others seeking information. Part Two, "The Anthology," offers the texts of hard-to-locate documents; a

series of maps showing the day-by-day progression of the battle; and a selection of poetry inspired by the battle.

Appendices provide details of the American chain of command and both the American and the Japanese orders of battle; describe some lingering mysteries about the Battle of Iwo Jima; and list Iwo Jima memorial sites around the world.
