**The Troll Inside You** Ármann Jakobsson 2017 What do medieval Icelanders mean when they say 'troll'? What did they see when they saw a troll? What did the troll signify to them? And why did they see them?The principal subject of this book is the Norse idea of the troll, which the author uses to engage with the larger topic of paranormal experiences in the medieval North. The texts under study are from 13th-, 14th-, and 15th-century Iceland. The focus of the book is on the ways in which paranormal experiences are related and defined in these texts and how those definitions have framed and continue to frame scholarly interpretations of the paranormal.The book is partitioned into numerous brief chapters, each with its own theme. In each case the author is not least concerned with how the paranormal functions within medieval society and in the minds of the individuals who encounter and experience it and go on to narrate these experiences through intermediaries. The author connects the paranormal encounter closely with fears and these fears are intertwined with various aspects of the human experience including gender, family ties, and death.The Troll Inside You hovers over the boundaries of scholarship and literature. Its aim is to prick and provoke but above all to challenge its audience to reconsider some of their preconceived ideas about the medieval past.

**Frozen Chosin: U.S. Marines At The Changjin Reservoir [Illustrated Edition]** Brigadier General Edwin H. Simmons 2015-11-06 Includes more than 40 maps, plans and illustrations. This volume in the official *History of the Marine Corps* chronicles the part played by United States Marines in the Chosin Reservoir Campaign. The race to the Yalu was on. General of the Army Douglas MacArthur's strategic triumph at Inchon and the subsequent breakout of the U.S. Eighth Army from the Pusan Perimeter and the recapture of Seoul had changed the direction of the war. Only the finishing touches needed to be done to complete the destruction of the North Korean People's Army. Moving up the east coast was the independent X Corps, commanded by Major General Edward M. Almond, USA. The 1st Marine Division, under Major General Oliver P. Smith, was part of X Corps and had been so since the 15 September 1950 landing at Inchon. After Seoul the 1st Marine Division had reloaded into its amphibious ships and had swung around the Korean peninsula to land at Wonsan on the east coast. The landing on 26 October 1950 met no opposition; the port had been taken from the land side by the resurgent South Korean army. The date was General Smith's 57th birthday, but he let it pass unnoticed. Two days later he ordered Colonel Homer L. Litzenberg, Jr., 47, to move his 7th Marine Regimental Combat Team north from Wonsan to Hamhung. Smith was then to prepare for an advance to the Manchurian border, 135 miles distant. And so began one of the Marine Corps' greatest battles—or, as the Corps would call it, the “Chosin Reservoir Campaign.” The Marines called it the “Chosin” Reservoir because that is what their Japanese-based maps called it. The South Koreans, nationalistic sensibilities disturbed, preferred—and, indeed, would come to insist—that it be called the “Changjin” Reservoir.

**The Dragon's Hoard** Mell Eight 2013-06 Four tales of dragons, and the trouble and joy that comes from meddling with them ... Finding the Wolf is the story of Nyle, the unlucky dragon ordered to track down a missing prince. It should be a simple enough task, except that where humans are concerned nothing is ever simple. Breaking the Shackles is about Baine, who arrives at the werewolf village to rescue the twin brother torn from his side years ago. He quickly learns that mixing dragons and werewolves always results in chaos. In *Stealing the Dragon* Jerney reluctantly finds himself helping a baby dragon retrieve its stolen hoard, never imagining he might find his own heart stolen in the process. Our tales of dragons conclude with *Melting the Ice Witch*, the story of Kam, kidnapped by the Tribe of the White Dragon in a desperate bid to save themselves from the ravages of the frozen wastelands they are forced to call home ...
