Financial Accounting Fundamentals John J. Wild 2022 "We use data to make decisions and maximize performance. Like the runner on the cover who uses data to track her progress, we used student performance data to identify content areas that can be made more direct, concise, and systematic. Learning science reveals that students do not read large chunks of text, so we streamlined this edition to present it in a more focused, succinct, blocked format to improve student learning and retention. Our new edition delivers the same content in 96 fewer pages. Visual aids and numerous videos offer additional learning aids. New summary Cheat Sheets conclude each chapter to visually reinforce key concepts and procedures"--
