I Was Better Last Night Harvey Fierstein 2022-03-01 NEW YORK TIMES BEST SELLER • A poignant and hilarious memoir from the cultural icon, gay rights activist, and four-time Tony Award-winning actor and playwright, revealing never-before-told stories of his personal struggles and conflict, of sex and romance, and of his fabled career Harvey Fierstein's legendary career has transported him from community theater in Brooklyn, to the lights of Broadway, to the absurd excesses of Hollywood and back. He's received accolades and awards for acting in and/or writing an incredible string of hit plays, films, and TV shows: *Hairspray*, *Fiddler on the Roof*, *Mrs. Doubtfire*, *Independence Day*, *Cheers*, *La Cage Aux Folles*, *Torch Song Trilogy*, *Newsies*, and *Kinky Boots*. While he has never shied away from the spotlight, Mr. Fierstein says that even those closest to him have never heard most of the tales—of personal struggles and conflict, of sex and romance, of his fabled career—revealed in these wildly entertaining pages. *I Was Better Last Night* bares the inner life of this eccentric nonconforming child from his roots in 1952 Brooklyn, to the experimental worlds of Andy Warhol and the Theatre of the Ridiculous, to the gay rights movements of the seventies and the tumultuous AIDS crisis of the eighties, through decades of addiction, despair, and ultimate triumph. Mr. Fierstein's candid recollections provide a rich window into downtown New York City life, gay culture, and the evolution of theater (of which he has been a defining figure), as well as a moving account of his family's journey of acceptance. *I Was Better Last Night* is filled with wisdom gained, mistakes made, and stories that come together to describe an astonishingly colorful and meaningful life. Lucky for us all, his unique and recognizable voice is as engaging, outrageously funny, and vulnerable on the page.

A Search for America Frederick Philip Grove 2022-07-21 "A Search for

America: The Odyssey of an Immigrant" is a semi-autobiographical novel by Frederick Philip Grove, following young Phil Branden as he wanders from Montreal to the American Midwest in his quest for "the real America." The protagonist, born into a high-society European family that went broke, has to forget his Old-World habits to match the new society. Being absorbed into the immigrant underclass, he tries different professions: waiter, salesman, hobo, laborer, and everywhere he meets greed, cruelty, and deceit.

The Crash of Ruin Peter Schrijvers 2001-02 In the ruined Europe of World War II, American soldiers on the frontline had no eye for breathtaking vistas or romantic settings. The brutality of battle profoundly darkened the soldiers' perceptions of the Old World. Drawing on soldiers' diaries, letters, poems and songs, Peter Schrijvers offers a compelling account of the experiences of U.S. combat ground forces: their struggles with the European terrain and seasons, their confrontations with soldiers, and their often startling encounters with civilians. Schrijvers relays how the GIs became so desensitized and dehumanized that the sight of dead animals often evoked more compassion in them than enemy dead. *The Crash of Ruin* concludes with a dramatic and moving account of the final Allied offensive into German-held territory and the soldiers' bearing witness to the ultimate symbol of Europe's descent into ruin: the death camps of the Holocaust.

Sinister Street Compton Mackenzie 2022-08-24 Michael Fane arrives in the thin red house in Carlington Road to his new family of Nurse, Cook, Annie the housemaid, his younger sister Stella, and the occasional presence of Mother. From here, the novel follows the next twenty years of his life as he tries to find his place in the upper echelons of Edwardian society, through prep school, studies at Oxford, and his emergence into the wide world. The setting is rich in period detail, and the characters portrayed are vivid and more nuanced in their actions and stories than first impressions imply. *Sinister Street* was an immediate critical success on publication, although not without some worry for its openness to discuss less salubrious scenes, and it was a favourite of George Orwell and John Betjeman. Compton Mackenzie had attended both St. James' school and St. Mary's College at Oxford and the novel is at least partly autobiographical, but for the same measure was praised as an accurate portrayal of that experience; Max Beerbohm said "There is no book on Oxford like it. It gives you the actual Oxford experience."

Violence and Desire in Brazilian Lesbian Relationships Andrea Stevenson Allen 2016-04-08 In *Violence and Desire in Brazilian Lesbian Relationships*, Allen examines the lives of Brazilian women in same-sex relationships. This examination contributes to interdisciplinary discussions of female same-sex sexuality, violence, race, and citizenship. Using fifteen months of ethnographic fieldwork, primarily with Afro-Brazilian women in the city of Salvador da Bahia, Allen argues that Brazilian lesbian women reject Brazilian cultural norms that encourage male domination and female submission through their engagement in romantic relationships with each other. At the same time Allen claims lesbian women also reproduce Brazilian cultural ideals that associate passion, intensity, and power with physical dominance through their engagement in infidelity and intimate partner violence. The book demonstrates that lesbian women are nonetheless marginalized as Brazilian citizens through widespread social and political invisibility despite these apparent displays of masculinized power.

Ribofunk Paul Di Filippo 2014-04-01 Tackling genetic engineering, "Di Filippo's effervescent prose can provoke both hilarity and haunting reflections on our species' possible fate" (Publishers Weekly). Ribofunk contains eleven masterful and surprising works of imagination. In all of them, biology is the science that drives the engine of life and of story: the Protein Police patrol for renegade gene-splicers; part-human sea creatures live in the Great Lakes and clean up toxic spills; a river has become sentient; there is a bodyguard who is part wolverine and a thrill-seeker climbs a skyscraper and gets stuck, literally.

How to Write a Sentence Stanley Fish 2011-01-25 "Like a long periodic sentence, this book rumbles along, gathers steam, shifts gears, and packs a wallop." —Roy Blount Jr. "Language lovers will flock to this homage to great writing." —Booklist Outspoken New York Times columnist Stanley Fish offers an entertaining, erudite analysis of language and rhetoric in this delightful celebration of the written word. Drawing on a wide range of great writers, from Philip Roth to Antonin Scalia to Jane Austen and beyond, Fish's *How to Write a Sentence* is much more than a writing manual—it is a penetrating exploration into the art and craft of sentences.

The Phoenix Program Douglas Valentine 2014-06-10 "This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War" (Publishers Weekly). In the darkest days of the Vietnam War, America's Central Intelligence Agency secretly initiated a sweeping program of kidnap, torture, and assassination devised to destabilize the infrastructure of the National Liberation Front (NLF) of South Vietnam, commonly known as the "Viet Cong." The victims of the Phoenix Program were Vietnamese civilians, male and female, suspected of harboring information about the enemy—though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival. Between 1965 and 1972, more than eighty thousand noncombatants were "neutralized," as men and women alike were subjected to extended imprisonment without trial, horrific torture, brutal rape, and in many cases execution, all under the watchful eyes of US government agencies. Based on extensive research and in-depth interviews with former participants and observers, Douglas Valentine's startling exposé blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA's history. The ebook edition includes "The Phoenix Has Landed," a new introduction that addresses the "Phoenix-style network" that constitutes America's internal security apparatus today. Residents on American soil are routinely targeted under the guise of protecting us from terrorism—which is why, more than ever, people need to understand what Phoenix is all about.

Designated Targets John Birmingham 2006-12-26 It's World War II and the A-bomb is here to stay. The only question: Who's going to drop it first? The Battle of Midway was forever transformed by the devastating appearance of a U.S.-led naval task force from the twenty-first century. Since that day, state-of-the-art warships have prowled the Pacific, armed with the latest instruments of mass destruction, as the warring powers of 1942 scramble to be first to wield the weapons of tomorrow against their enemies. Russia and Germany form a deadly alliance, while Admiral Yamamoto moves to seize Hawaii and invade Australia. Suddenly it's a whole new war with unimaginable high-tech tools, and high-stakes international betrayals from Tokyo to Washington to the Kremlin. As the world trembles on the brink of annihilation, Churchill, Stalin, Roosevelt, Hitler, and Tojo confront extreme choices and a future rife with possibilities—all of them apocalyptic.

The Book of Evan Evan McAra Sherrard 2017 This is a book about Evan McAra Sherrard (1934-2015), and his adventures in and with the human spirit. During his four vocations - agriculture, ministry, education, and psychotherapy - he was instrumental in setting up the Cameron Centre in Dunedin in the 1960s, the Human Development Team within Presbyterian Support Services in Auckland in the late 1970s, and the Psychotherapy Programme at Auckland Institute (now University) of Technology in the late 1980s. More broadly, he was hugely influential in the practice, professions and organisation of transactional analysis, psychodrama, psychotherapy, and counselling in New Zealand. This book, edited by Keith Tudor, Professor of Psychotherapy at Auckland University of Technology (AUT), brings together Evan's mostly unpublished writings in these various fields of interest, together with contributions from some forty people, including his family, who represent the breadth and depth of influence that Evan's work and life had -and continues to have.

Twelve Years A Slave, Illustrated Edition Solomon Northup 2014-04-08

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Born in Seattle Robert Sadamu Shimabukuro 2015-09-14 The story of the World War II internment of 120,000 Japanese American citizens and Japanese-born permanent residents is well known by now. Less well known is the history of the small group of Seattle activists who gave birth to the national movement for redress. It was they who first conceived of petitioning the U.S. Congress to demand a public apology and monetary compensation for the individuals and the community whose constitutional rights had been violated. Robert Sadamu Shimabukuro, using hundreds of interviews with people who lived in the internment camps, and with people who initiated the campaign for redress, has constructed a very personal testimony, a monument to these courageous organizers' determination and deep reverence for justice. Born in Seattle follows these pioneers and their movement over more than two decades, starting in the late 1960s with second-generation Japanese American engineers at the Boeing Company, as they worked with their fellow activists to educate Japanese American communities, legislative bodies, and the broader American public about the need for the U.S. Government to acknowledge and pay for this wartime injustice and to promise that it will never be repeated.

Ways Of Staying Kevin Bloom 2011-03-03 As a journalist, Kevin Bloom had witnessed and reported on the rising tide of violence in post-Apartheid South Africa. But when his own cousin was killed in a vicious

random attack, the questions he'd been asking about the troubling political and social changes in his country took on a sickeningly personal urgency. Suddenly, it felt as though this South Africa was no longer the place he'd grown up in or the place which felt like home. Still stunned by the loss, Bloom begins to trace the path of violence from the murder of his cousin in the hills of Zululand to the fatal shooting of the historian David Rattray, linking these individual crimes to the riven political landscape, and the riots and xenophobic attacks of 2008. Visceral, complicated and compassionate, *Ways of Staying* is an eloquent account of how the white community is coping with black majority rule, and in particular how one family is coping in the aftermath of their own private tragedy.

Radical Media John D. H. Downing 2000-08-18 This is an entirely new edition of the author's 1984 study (originally published by South End Press) of radical media and movements. The first and second sections are original to this new edition. The first section explores social and cultural theory in order to argue that radical media should be a central part of our understanding of media in history. The second section weaves an historical and international tapestry of radical media to illustrate their centrality and diversity, from dance and graffiti to video and the internet and from satirical prints and street theatre to culture-jamming, subversive song, performance art and underground radio. The section also includes consideration of ultra-rightist media as a key contrast case. The book's third section provides detailed case studies of the anti-fascist media explosion of 1974-75 in Portugal, Italy's long-running radical media, radio and access video in the USA, and illegal media in the dissolution of the former Soviet bloc dictatorships.

The Shock Doctrine Naomi Klein 2010-04-01 The bestselling author of *No Logo* shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.
