A Trinitarian Theology of Religions Gerald R. McDermott 2014-04-17 Named by the International Bulletin of Missionary Studies as an Outstanding Book of 2014 for Mission Studies Over the last four decades, evangelical scholars have shown growing interest in Christian debates over other religions, seeking answers to essential questions: How are we to think about and relate to other religions, be open to the Spirit, and at the same time remain evangelical and orthodox? Gerald R. McDermott and Harold A. Netland offer critiques of a variety of theologians and religious studies scholars, including evangelicals, but also challenge evangelicals to move beyond parochial positions. This volume is both a manifesto and a research program, critically evaluating the last forty years of Christian treatments of religious others and proposing a comprehensive direction for the future. It addresses issues relating to the religions in both systematic theology and missiology, taking up long-debated questions such as contextualization, salvation, revelation, the relationship between culture and religion, conversion, social action, and ecumenism. It

concludes with responses from four leading thinkers of African, Asian, and European backgrounds: Veli-Matti Kärkkäinen, Vinoth Ramachandra, Lamin Sanneh, and Christine Schirrmacher.

The Changing Role of the British Protestant Missionaries in China, 1945-1952 Oi Ki Ling 1999 This book focuses on the British Protestant missionaries in China in the period from 1945 to 1952. It captures the complexity and contradictions between the missionaries' own perception of their role and Chinese reality. It also examines the missionaries' perception of the nature of Communism and their evaluation of the future prospects under Communist rule. This study offers a stimulating reflection on the missionaries' strategies for propagating the Christian faith, their priorities, and theological as well as cultural assumptions with regard to mission and politics, mission and culture, and mission-church relations during the transition from Guomindang to Communist rule. In general terms, it provides an insight into the idealism and frustrations of missionaries as they wrestled with the changing political context in China.

The Prodigal Church Jared C. Wilson 2015-04-16 Pastors want to reach the lost with the good news of Jesus. However, we've too often assumed this requires loud music, flashy lights, and skinny jeans. In this gentle manifesto, Jared Wilson—a pastor who knows what it's like to serve in a large attractional church—challenges pastors to reconsider their priorities when it comes to how they "do church" and reach people in their communities. Writing

with the grace and kindness of a trusted friend, Wilson encourages pastors to reexamine the Bible's teaching, not simply return to a traditional model for tradition's sake. He then sets forth an alternative to both the attractional and the traditional models: an explicitly biblical approach that is gospel focused, grace based, and fruit oriented.

English Teaching and Evangelical Mission

Bill Johnston 2017-01-25 Debates about the place of mission work in English Language Teaching continue to rage, and yet full-length studies of what really happens at the intersection of ELT and evangelical Christianity are rare. In this book, Johnston conducts a detailed ethnography of an evangelical language school in Poland, looking at its Bible-based curriculum, and analyzing interaction in classes for adults. He also explores the idea of 'relationship' in the context of the school and its mission activity, and more broadly the cultural encounter between North American evangelicalism and Polish Catholicism. The book comprises an in-depth examination of a key issue facing TEFL in the 21st century, and will be of interest to all practitioners and scholars in the field, whatever their position on this topic.

No Shortcut to Success Matt Rhodes 2021-12-28

Avoid "Get-Rich-Quick" Missions Strategies and Invest in Effective, Long-Term Ministry Trendy new missions strategies are a dime a dozen, promising missionaries monumental results in record time. These strategies report explosive movements of people turning to Christ, but their claims are often dubious and they do little to ensure the health of believers or churches that remain. How can churches and missionaries address the urgent need to reach unreached people without falling for quick fixes? In No Shortcut to Success, author and missionary Matt Rhodes implores Christians to stop chasing silver-bullet strategies and short-term missions, and instead embrace theologically robust and historically demonstrated methods of evangelism and discipleship—the same ones used by historic figures such as William Carey and Adoniram Judson. These great missionaries didn't rush evangelism; they spent time studying Scripture, mastering foreign languages, and building long-term relationships. Rhodes explains that modern missionaries' emphasis on minimal training and

quick conversions can result in slipshod evangelism that harms the communities they intend to help. He also warns against underestimating the value of individual skill and effort—under the guise of "getting out of the Lord's way"—and empowers Christians with practical, biblical steps to proactively engage unreached groups.

The Missionary Manifesto G. Campbell Morgan 2017-10-09 ANY one reading these passages of Scripture for the first time would certainly be quite as much impressed by their disparities as by their similarities. It is the custom of the Christian Church to speak of the commission of Jesus, as though there were but one, which the four evangelists record in different words. This conception is the result of superficial observation, and the measure in which it dominates our thinking is the measure in which we fail to recognize the spaciousness and inclusiveness of the missionary commission, and fail therefore to understand the real responsibility of the Church.

Our Last Great Hope Dr. Ronnie Floyd

2011-09-05 Every day we encounter scores of

people headed to an eternity without God. What will it take to wake us up to their desperate need for a Savior? While the earth's time clock ticks away, well-meaning Christians go to church, pay their tithes, and pray for foreign missionaries—going through the motions of Christian life as millions face an eternity without God. If heaven is indeed for real, and only those who have put their faith in Christ will be given entrance, shouldn't we be making the most of every opportunity to share the Gospel, the last great hope for all the world? Join pastor Ronnie Floyd as he challenges readers to face reality and begin a global movement to reach the lost. He says, "God is calling us to an awakening regarding his most urgent command found in Matthew 28:19 to go and make disciples of all nations. This Great Commission is the compelling charge given to us with divine authority by our Commander in Chief, Jesus Christ." Our Last Great Hope will move us beyond casual and theoretical talk about the Great Commission and lead us into a Great Awakening. "This book could revolutionize the way we think. . . . Read it and be inspired, changed, and equipped." —Bruce Wilkinson, best-selling author of *The Prayer of Jabez* "Floyd challenges us to engage the next generation . . . a must-read." —Greg Surratt, lead pastor of Seacoast Church and author of *IR-REV-REND* "This book inspires me to do extraordinary things through my most ordinary life. Our Last Great Hope should be your first required read." —Leonard Sweet, best-selling author of *Jesus Manifesto* "Our Last Great Hope pushes us beyond predictability and points us to a deep, intimate knowledge of why we are here." —Ed Young Jr., pastor of Fellowship Church and author of *Outrageous, Contagious Joy* "I'll be pulling this book off my shelf again and again." —Pete Wilson, author of *Plan B and Empty Promises* "This book is an energizing wake-up call to today's churches." —Ed Stetzer, director of LifeWay Research

The Missionary Manifesto George Campbell Morgan 1909

Training Missionaries Evelyn Hibbert 2016-09-08 Missionaries must know God, be able to relate well to other people, understand and engage with another culture, and be able to use the Bible in a way that informs all aspects of

their lives and ministries. Missionary training must address each of these areas if it is to help Christians to be effective in taking the gospel to the ends of the earth. Effective training has been shown to prevent people from prematurely leaving the field. It also reduces the danger of cross-cultural workers uncritically exporting culturally bound forms of Christianity. This book details four key areas that every missionary training program, whatever its context, must focus on developing. It shows how these can be holistically addressed in a learning community where trainers and trainees engage in cross-cultural ministry together.

Protestant Empires Ulinka Rublack 2020-09-10 Protestantism during the early modern period is still predominantly presented as a European story. Advancing a novel framework to understand the nature and impact of the Protestant Reformations, this volume brings together leading scholars to substantially integrate global Protestant experiences into accounts of the early modern world created by the Reformations, to compare Protestant ideas and practices with other world religions, to chart colonial politics and experiences, and to ask how resulting ideas and identities were negotiated by Europeans at the time. Through its wide geographical and chronological scope, *Protestant Empires* advances a new approach to understanding the Protestant Reformations. Showcasing selective model approaches on how to think anew, and pointing the way towards a multi-national and connected account of the Protestant Reformations, this volume demonstrates how global interactions and their effect on Europe have played a crucial role in the history of the 'long Reformation' in the seventeenth and eighteenth centuries.

The Kingdom Manifesto Steve Wilmschurst 2012
 An exploration of the Sermon on the Mount for today. The Sermon on the Mount, like the rest of the New Testament, speaks of the kingdom with a present and a future sense. The Beatitudes refer to the kingdom primarily in its present aspect (5:3, 10) Jesus is saying, this is what kingdom people are like now. In 7:21, however, Jesus is speaking of the Day of Judgment, and the kingdom referred to is the completed, perfected eternal kingdom. In theological language, the kingdom of heaven is therefore eschatological it relates to the new age, the eternal age, but it is already present in some measure now. At the outset of his ministry Jesus proclaims that the kingdom of heaven is near (4:17, echoing John the Baptiser in 3:2). The sense of the Greek is that the kingdom has come near and is now present in the vicinity, waiting to be populated by the members Jesus will call into it. In that context, 11:12 (the kingdom of heaven has been forcefully advancing) is like a progress report. The kingdom is here and now, and the Sermon on the Mount calls us to make it

visible, both individually and corporately.
Global Calvinism Charles H. Parker 2022 A comprehensive study of the connection between Calvinist missions and Dutch imperial expansion during the early modern period "A tour de force offering the reader the best study of global Calvinism in the realms of the Dutch East India Company."--Ronnie Po-Chia Hsia, editor, Calvinism and Religious Toleration in the Dutch Golden Age Calvinism went global in the seventeenth and eighteenth centuries, as close to a thousand Dutch Reformed ministers, along with hundreds of lay chaplains, attached themselves to the Dutch East India and West India companies. Across Asia, Africa, and the Americas where the trading companies set up operation, Dutch ministers sought to convert "pagans," "Moors," Jews, and Catholics and to spread the cultural influence of Protestant Christianity. As Dutch ministers labored under the auspices of the trading companies, the missionary project coalesced, sometimes grudgingly but often readily, with empire building and mercantile capitalism. Simultaneously, Calvinism became entangled with societies around the world as encounters with indigenous societies shaped the development of European religious and intellectual history. Though historians have traditionally treated the Protestant and European expansion as unrelated developments, the global reach of Dutch Calvinism offers a unique opportunity to understand the intermingling of a Protestant faith, commerce, and empire.

The Mission of God: A Manifesto of Hope for Society

Joseph Boot 2016-04-28 Culture is the public manifestation of religion, expressing the values and beliefs that a society treasures. Western culture was built upon the principles of Christian belief. Today, having largely abandoned the triune God and his word in public and private life, we have undermined this cultural foundation. We must recover our footing or collapse.

Mission Affirmed Elliot Clark 2021-12-22 What will it take to accomplish Christ's mission in our lifetime? That's the question evangelicals have been asking for over a century, but our efforts to reach the unreached and finish the task have often sacrificed the important for the immediate. The greatest challenge in evangelical missions isn't a lack of urgency, but a lack of discernment. As we've prioritized movements that are simple and reproducible, the gospel and faithful churches are now threatened. Our mission itself could be disqualified. In *Mission Affirmed*, Elliot Clark seeks to reshape our motivation by considering the example of Paul the missionary. The desire for God's approval is what formed his ambition and directed his methods, and it should guide ours too. In these pages, we rediscover how pursuing God's praise can both motivate and regulate our gospel ministries. We also refocus—as missionaries, pastors, churches, and individuals—on what matters more than a mission accomplished: a mission God affirms. Published in partnership with the Gospel Coalition.

Invading Babylon Lance Wallnau 2013-07-16 You were transformed to transform your world!

For too long, Christianity has been defined by a false concept of church. As a result, believers have built walls around their lives, keeping culture at a distance. As Christians have tried to keep culture out of the church, unfortunately, the church has kept itself out of the culture. This was never Jesus' design for the your life! Before church was established as a place that people "came to," Jesus instituted it as an army that brought transformation to society, starting with salvation and continuing with seven spheres of influence: Church, family, education, government, media, arts, and commerce. Six revolutionary voices in the modern church deliver *Invading Babylon*. This essential guide will equip you to: Understand your vital role in shaping society. Release God's will in your sphere of influence. Become an unstoppable citizen in God's Kingdom. It's your time to arise and be a light in a dark world.

Forgiving Judas William Harmening 2007-05 In this critical assessment of the modern day Church, William Harmening deconstructs many of its longest held beliefs and practices against the backdrop of our contemporary social milieu. He approaches the subject head-on, peeling away the layers of archaic dogma to rediscover the core teachings of Jesus that have been lost through the centuries in the fog of institutionalized religion and ceremonial worship. No area of the modern Church escapes his critique; the clergy, the Bible, the structure and practice of the Church, and even our popular conceptions of the Holy Trinity. He ends with a final chapter in which he offers a model for a new kind of Church; one that is socially relevant, passionately ecumenical, and empowered by the simple message of love and tolerance found in the story of the Cross. Not since the writings of the radical theologians who came to the forefront during the 1960s has such an honest and thought-provoking critique of the contemporary Church been offered.

British Protestant Missions and the Conversion of Europe, 1600-1900 Simone Maghenzani 2020-09-14 This book is the first account of British Protestant conversion initiatives directed towards continental Europe between 1600 and 1900. Continental Europe was considered a missionary land—another periphery of the world, whose centre was imperial Britain.

missions to Europe were informed by religious experiments in America, Africa, and Asia, rendering these offensives against Europe a true form of "imaginary colonialism". British Protestant missionaries often understood themselves to be at the forefront of a civilising project directed at Catholics (and sometimes even at other Protestants). Their mission was further reinforced by Britain becoming a land of compassionate refuge for European dissenters and exiles. This book engages with the myth of International Protestantism, questioning its early origins and its narrative of transnational belonging, while also interrogating Britain as an imagined Protestant land of hope and glory. In the history of western Christianities, "converting Europe" had a role that has not been adequately investigated. This is the story of the attempted, and ultimately failed, effort to convert a continent.

The Joy of the Gospel Pope Francis 2014-10-07
 The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, The Joy of the Gospel is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. What's Right with the Church Elmer L. Towns 2009-09-15 The early believers of Jesus Christ knew that they were not just members of an organization, nor were they just an extension of Old Testament Judaism. They knew that they were followers of the living Lord Jesus Christ. They were members of a thing called the church. Through the centuries, the church has been the most powerful transforming force in history. Yet in America many observe it as anemic and powerless. Author Elmer Towns contends that there is good news; there are many things that are still right with the church. What Is Right With the Church affirms the positive things that are present in the church today, and what will carry it forward as a transforming force. This book is not a defense of the traditional church, nor does it run to embrace all new forms of worship. Rather this book examines the biblical nature of church allowing the best to come forth. It is not a book about old churches, new churches or home churches. It is a book about

what is right about every true church, no matter the expression, history or culture. A growing number of people are not aware of the enduring strengths of the church. The author contends that if believers in Christ are to effectively move forward with healthy communities and a vibrant faith in this new century, they must be established on foundational, biblical truths and core values. And when this happens, the church thrives as a transforming force.

How to Reach the West Again Timothy J Keller 2020-03-10 Christianity is declining in the West. Churches in the United States, Canada, Australia, and Europe are closing their doors at an accelerating rate. How will the church respond? In this short but sweeping manifesto, New York Times bestselling author and pastor Timothy Keller argues that this decline should prompt us to rethink evangelism from the ground up. Using the early church as our guide, churches and individual Christians must examine ourselves, our culture, and Scripture to work toward a new missionary encounter with Western culture that will make the gospel both attractive and credible to a new generation.

Youth Ministry 3.0 Mark Oestreicher 2008-11-04 Over the past several decades there have been three significant shifts in youth culture; each new shift brought with it different values and priorities in the lives of teens. Youth ministries adapted and responded to the first two shifts, but we're missing the boat on the third. The result? Youth ministry isn't addressing the realities and needs of today's youth culture. After nearly three decades in youth ministry, Mark

Oestreicher has lived through a lot of those shifts himself. In recent years, he's found himself wondering what needs to change, especially since so much of what we're doing in youth ministry today is not working. In Youth Ministry 3.0, youth workers will explore, along with Marko and the voices of other youth workers, why we need change in youth ministry, from a ministry moving away from a dependence on programs, to one that is focused on communion and mission. They'll get a quick history of youth ministry over the last fifty years. And they'll help dream about what changes need to take place in order to create the next phase of youth ministry—the future that needs to be created for effective ministry to students.
