While many Lemurians see an opportunity to reconquer their stolen homeland, others—Lemurian and human—have their own agendas, which could compromise the Alliance. Complicating matters further is Reddy's suspicion that his task force is being stalked by some unknown power bent on aiding the Grik for reasons of its own. As the raid begins and chaos reigns, Reddy has no choice but to risk everything in a desperate act that results in a sprawling, nightmare battle on the beaches of "Grik City," on the very decks of Walker, and in the labyrinthine passageways of the Celestial Palace itself. The final cost could be more than Matt Reddy—or the Alliance—can bear.

Dark Magic Angus Wells 2010-01-13 Ages ago, when the First Gods ruled heaven and earth, they created two lesser deities to reign along with them. But these gods, Tharn and Balatur, were flawed. Purgatory's Shore Taylor Anderson 2021-09-21 On their way to fight in the Mexican-American War, a group of American soldiers are swept away to a strange and deadly alternate Earth in this thrilling new adventure set in the world of the New York Times bestselling Destroyermen series. The United States, 1847. A disparate group of young American soldiers are bound to join General Winfield Scott's campaign against Santa Anna at Veracruz during the Mexican-American War. They never arrive. Or rather . . . they arrive somewhere else. The untried, idealistic soldiers are mostly replacements, really; a handful of infantry, artillery, dragoons, and a few mounted riflemen with no unified command. And they've been shipwrecked on a terrible, different Earth full of monsters and unimaginable enemies. Major Lewis Cayce, late of the 3rd US "Flying" Artillery, must unite these men to face their fears and myriad threats, armed with little more than flintlock muskets, a few pieces of artillery, and a worldview that spiritually and culturally rebels against virtually everything they encounter. It will take extraordinary leadership and a cadre of equally extraordinary men and women to mold frightened troops into an effective force, make friends with other peoples the evil Holy Dominion would eradicate, and reshape their "manifest destiny" into a cause they can all believe in and fight for. For only together will they have any hope of survival.

Resolute Jack Campbell 2023-06-06 A Nominee for the 2022 Dragon Award for Best Military Science Fiction or Fantasy Admiral John "Black Jack" Geary must battle dangers both within and without the Alliance, in this exciting continuation of the New York Times bestselling series. Geary knows that some political factions in the Alliance were just trying to get rid of him when he was assigned to escort a diplomatic and scientific mission to the far reaches of humanity's expansion into the galaxy . . . and beyond. But he views his mission as both a duty and an opportunity to make things better wherever he can. And when a crippled Rift Federation ship tumbles out of jump space, Geary leaps into action. But the survivors' story isn't completely adding up. As Geary investigates, he soon finds himself fending off spies and assassins while leading the fleet as it fights its way across space controlled by the mysterious and hostile aliens whom humans call enigmas. Challenges arrive at every turn, including an unknown alien species that invites the fleet to visit one of their star systems. With little information to go on, Geary must weigh the benefits of potential new allies against the possibility of a trap. The fate of the fleet—and perhaps even the future of humanity—will depend on him making the right decision. If he can stay alive long enough to do that.

In Fury Born David Weber 2006-04 "Captain Alicia DeVries, Imperial Cadre, has been many things in her life. An Imperial Marine, dedicated to the protection and preservation of the Terran Empire she loves. An Imperial Cadre drop commando, personal liegwoman of Emperor Seamus II, whom she honors and reveres. Hero of the Terran Empire, one of only three living holders of the Banner of Terra. And now, outcast, rogue, pirate ... and madwoman." "From the time she graduated from high school, Alicia DeVries knew what she wanted to do with her life, and she did it well. On planets like Gyantse, Chengchou, Fuller, and Louvain - in cities like Zhikotse and Shallingsport - she's put her life on the line in defense of her Empire and Emperor again and again. She's given her blood, and the lives of men and women closer to her than brothers and sisters." "But her dead have been betrayed in the name of political expediency. The justice they deserved has been denied, and a brokenhearted Alicia DeVries has resigned her commission and retired to the colony world of Mathison with her family to begin a new life." "Yet Alicia is still a warrior, and the pirates who attacked Mathison, tortured and murdered her family, and left her for dead, are about to discover just how big a mistake they made." "Imperial Intelligence can't find them. The Imperial Fleet can't catch them. Local defenses can't stop them. But Alicia has stolen an imperial A1 starship from the bleeding edge of technology and set out to teach them what vengeance truly is." "Her fellow veterans think she's gone mad, the Fleet has shoot-on-sight orders, and the "pirates" have allies at the highest levels of the Imperial government. But Alicia DeVries has two allies of her own. Allies no one knows about. Allies as implacable as she is: a self-aware computer, and a creature from the mists of Old Earth's most ancient legends."--BOOK JACKET.

Drive to the East (Settling Accounts, Book Two) Harry Turtledove 2006-05-30 "Turtledove never tires of exploring the paths not taken, bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations."—Library Journal It's 1942. In Richmond, Confederate president and dictator Jake Featherston is shocked by what his own aircraft have done in Philadelphia—killing U.S. president Al Smith in a barrage of bombs. Featherston presses ahead with a secret plan carried out on the dusty plains of Texas, where a so-called detention camp hides a far more evil purpose. As the untested U.S. vice president takes over for Smith, the United States face a furious thrust by the Confederate army, pressing inexorably into Pennsylvania. But with the industrial heartland under siege, Canada in revolt, and U.S. naval ships fighting against the Japanese in the Sandwich Islands, the most dangerous place in the world may be overlooked. Featherston and his Freedom Party are determined to conquer their Northern neighbor at any cost. Shadow Ops: Control Point Myke Cole 2012-01-31 Lieutenant Oscar Britton of the Supernatural Operations Corps has been trained to hunt down and take out people possessing magical powers. But when he starts manifesting powers of his own, the SOC revokes Oscar's government agent status to declare him public enemy number one.

Out of the Dark David Weber 2010-09-28 The launch of a new science fiction adventure series—by the New York Times-best selling author of the *Safehold* series and the *Honor Harrington* series *The Galactic Hegemony* has been around a long time, and it likes stability—the kind of stability that member species like the aggressive, carnivorous Shongairi tend to disturb. So when the Hegemony Survey Force encountered a world whose so-called "sentients"—"humans," they called themselves—were almost as bad as the Shongairi themselves, it seemed reasonable to use the Shongairi to neutralize them before they could become a second threat to galactic peace. And if the Shongairi took a few knocks in the process, all the better. Now, Earth is conquered. The Shongairi have arrived in force, and humanity's cities lie in radioactive ruins. In mere minutes, more than half the human race has died. Master Sergeant Stephen Buchevsky, who thought he was being rotated home from his latest tour in Afghanistan, finds himself instead prowling the back country of the Balkans, dodging alien patrols and trying to organize scattered survivors without getting killed. And in the southeastern US, firearms instructor and former Marine Dave Dvorak finds himself at the center of a growing network of resistance—putting his extended family at lethal risk, but what else can you do? On the face of it, Buchevsky's and Dvorak's chances look bleak, as do prospects for the rest of the surviving human race. But it may well be that Shongairi and the Hegemony alike have underestimated the inhabitants of that strange planet called Earth... in David Weber's *Out of the Dark*.
