Dodemansrit Peter James 2022-06-13 Carly is betrokken bij een verkeersongeval waarbij iemand overleed. Het slachtoffer is familie van een maffiabaas. Ze is haar leven niet meer zeker... Dodemansrit is deel 7 in de Roy Grace-serie van Peter James waarvan alle delen lost te lezen zijn. Carly Chase is nog in shock, tien dagen nadat ze betrokken was bij een verkeersongeval waarbij een student van de Brighton University om het leven kwam. Dan krijgt ze een bericht waardoor haar leven in een nachtmerrie zal veranderen: het slachtoffer blijkt familie te zijn van een Amerikaanse maffiabaas en de bestuurders van de andere twee voertuigen die betrokken waren bij het ongeluk zijn gemarteld en vermoord teruggevonden. Inspecteur Roy Grace geeft Carly het advies onder te duiken en haar identiteit te veranderen; zij zou wel eens het volgende slachtoffer kunnen zijn. Carly weigert dit; ze weet dat de maffia haar prooi toch wel vindt, en als de politie niet in staat is hen te stoppen, dan zal ze dit zelf moeten doen. Maar de moordenaar is haar al een stap voor: hij heeft haar in het vizier en wacht op het juiste moment om toe te slaan...

Extraordinary Outcomes Iris R. Firstenberg 2014-08-25 Steel your team against the unexpected by planning for uncertainty Extraordinary Outcomes presents an innovative approach to thinking and planning, giving leaders a playbook for dealing with uncertainty. Written by internationally recognized authorities on problem solving and creativity in organizations, this book provides an alternative outlook on business strategy and people management for leaders navigating uncertain waters, where the future is anything but guaranteed. The framework is the result of research in multiple fields and the authors' experiences with individuals, teams, and organizations, with examples from real-world situations that illustrate the concepts and dynamics at work to give readers deeper insight. The focus is on conquering uncertainty - eliminating it where possible, reducing it where it can be reduced, and embracing it when it's inevitable. Traditional ways of thinking and planning do not work in the face of an uncertain future. Frequently there are just no guarantees, nothing written in stone, and even a fortune-teller couldn't accurately predict the outcome. Extraordinary Outcomes helps leaders prepare for that, with strategies geared toward preparedness and embracing uncertainty. Learn why skills and talent are only two pieces of a bigger puzzle Discover how to better galvanize the team, and keep them motivated long-term Connect to a purpose that inspires enthusiastic engagement Conquer uncertainty, and develop a strategy for dealing with mistakes No one likes to be caught off guard, and the consequences can be severe at the organizational level. Leaders can't be psychic, but they can plan for possible outcomes and always have a solution at the ready. For those who like to have an answer for everything, Extraordinary Outcomes provides a roadmap toward an uncertainty-proof strategy for doing business.

When Tito Loved Clara Jon Michaud 2011-03-08 Clara Lugo grew up in a home that would have rattled the most grounded of children. Through brains and determination, she has long since slipped the bonds of her confining Dominican neighborhood in the northern reaches of Manhattan. Now she tries to live a settled professional life with her American husband and son in the suburbs of New Jersey—often thwarted by her constellation of relatives who don't understand her gringa ways. Her mostly happy life is disrupted, however, when Tito, a former boyfriend from fifteen years earlier, reappears. Something has impeded his passage into adulthood. His mother calls him an Unfinished Man. He still carries a torch for Clara; and she harbors a secret from their past. Their reacquaintance sets in motion an unraveling of both of their lives and reveals what the cost of assimilation—or the absence of it—has meant for each of them. This immensely entertaining novel—filled with wit and compassion—marks the debut of a fine writer.

essential book for all parents, whether they are returning to work or looking to start a new career, as well as anyone looking to build their brand or business online. 'A must-read for the modern Mum; particularly one who has aspirations to build her own business. I wish I had been able to read it three years ago!' Katie Massie-Taylor, Co-Founder, **Mush Sharing Mimi** Travis Mayfair 2022-10-11 My busty wife Mimi is a flight attendant, and Morris Blackmore flies first class. Flying scares me. But then, I'm no Morris Blackmore -- and my wife knows it. My wife is working in first class on this flight, while I sit back in economy. Internet billionaire Morris Blackmore taunts me about the difference between us before I've even boarded. I'm not just scared. I'm terrified. And for some reason, kind of excited. I had no idea my wife shows so much cleavage when she's working. I had no idea Morris Blackmore has such an appetite for married Asian flight attendants. I understand that Mimi might have some indiscretions with a better-looking, richer, stronger man than me. But Morris Blackmore wants to give my wife a baby?! It's utterly humiliating. All I can do is watch. And clean up.

The Aesthetics and Affects of Cuteness Joshua Paul Dale 2016-12-08 Cuteness is one of the most culturally pervasive aesthetics of the new millennium and its rapid social proliferation suggests that the affective responses it provokes find particular purchase in a contemporary era marked by intensive media saturation and spreading economic precarity. Rejecting superficial assessments that would deem the ever-expanding plethora of cute texts trivial, *The Aesthetics and Affects of Cuteness* directs serious scholarly attention from a variety of academic disciplines to this ubiquitous phenomenon. The sheer plasticity of this minor aesthetic is vividly on display in this collection which draws together analyses from around the world examining cuteness's fundamental role in cultural expressions stemming from such diverse sources as military cultures, high-end contemporary art worlds, and animal shelters. Pushing beyond prevailing understandings that associate cuteness solely with childhood or which posit an interpolated parental bond as its primary affective attachment, the essays in this collection variously draw connections between cuteness and the social, political, economic, and technological conditions of the early twenty-first century and in doing so generate fresh understandings of the central role cuteness plays in the recalibration of contemporary subjectivities.

Silicon Valley Girls Shearling Coats 2019-10-16 Ingrid Steinbeck is no different than a lot of other girls who maybe don't like themselves very much and crave a complete makeover. The difference is Ingrid is the daughter of a Stanford genetics professor. To give herself options, Ingrid rebooted Bill Gates2.0 and Steve Jobs2.0 and inspired them to write the genetic code for competing versions of the perfect woman. Ingrid should have known Silicon Valley would never be the same once she booted up iCandy and Ms. Hardrive.

Official Gazette of the United States Patent and Trademark Office 1999 **Men Don't Listen** Wayne L. Misner 2000-03 Men do listen! They don't feel! As they grow up an anesthetizing of feelings takes place. They're suppressing not only negative emotions, but also the positive emotions. This book is written for anyone who has been frustrated by male/female relationships and wants guidance in understanding the opposite sex. Head off misunderstanding. Finally, help for the male and female interested in improving or saving their relationship. If you're filing for divorce, separated, looking for a mate, alone and trying to understand what went wrong, all is carefully covered. The author is very, very good with word pictures and uses them frequently throughout the book. Another technique is using little vignettes based on true stories to illustrate a point. The Author uses extensive lists to get the readers ideas flowing. Within each chapter are jokes and popular quotations from a wide variety of sources to add a little punch. Some are humorous and others profound. "Marriage, which makes two one, is a lifelong struggle to discover which is that one." Dozens of case studies demonstrating where things went wrong and how they could erode your relationship. **Fractured Not Broken** Michelle Weidenbenner 2015-07-26 AWARD-WINNING and BESTSELLING AUTHOR Parts of this memoir appeared on ESPN and in *Rosie*. *Fractured Not Broken* is a true story of loss, faith, and a rare love that only happens in nonfiction. In a sweeping and heart-wrenching narrative, Kelly exposes the truth about what happened after a drunk driver rendered her a quadriplegic. She shares how she found her way back—through faith and pain, her community, her family, and the love of a man she'd prayed for. This book has been a true encouragement to me. Thank you Kelly for sharing your story— the loss and the unexpected joy— so that each reader can be uplifted knowing there is a full, rich life available to those who lean in to our Lord Jesus. —Renee Bondi, Award-Winning Singer and Songwriter Life has its tragic

moments of defeat, setbacks, and fracturing for everyone. Kelly's story proves, however, that individual momentum, personal progress, and genuine achievement can still be attained. Her courage and optimism are uplifting. Open these pages and experience the joy of ultimate victory. —Dr. Dennis E. Hensley, Author, *Jesus in All Four Seasons* This is a real life story of heroic virtue—especially of courage, humility, and generosity—a triumph of faith, hope and love. This story involves the very essence of the human spirit, family, and community. To know Kelly and her journey of miracles is to know that with God all things are possible. —Most Reverend Charles C. Thompson Bishop of Evansville *Chicago Tribune Index* 2007

Dead Man's Grip Peter James 2011-11-22 Carly Chase is still traumatized ten days after being in a fatal traffic accident that kills a teenage American student from Brighton University. Then she receives news that turns her entire world into a living nightmare. The drivers of the other two vehicles involved have been found tortured and murdered. Now Detective Superintendent Roy Grace of the Sussex Police Force issues a stark and urgent warning to Carly: She could be next. The student had deadly connections. Connections that stretch across the Atlantic to America and an organized crime group. Someone has sworn revenge and won't rest until the final person involved in that fateful accident is dead. The police advise Carly her only option is to go into hiding and change her identity. The terrified woman disagrees. She knows these people have ways of hunting you down anywhere. If the police are unable to stop them, she has to find a way to do it herself. But already the killer is one step ahead of her, watching, waiting, and ready. Peter James' *Dead Man's Grip* is a chilling psychological thriller.

The Visual Imperative Lindy Ryan 2016-03-14 Data is powerful. It separates leaders from laggards and it drives business disruption, transformation, and reinvention. Today's most progressive companies are using the power of data to propel their industries into new areas of innovation, specialization, and optimization. The horsepower of new tools and technologies have provided more opportunities than ever to harness, integrate, and interact with massive amounts of disparate data for business insights and value - something that will only continue in the era of the Internet of Things. And, as a new breed of tech-savvy and digitally native knowledge workers rise to the ranks of data scientist and visual analyst, the needs and demands of the people working with data are changing, too. The world of data is changing fast. And, it's becoming more visual. Visual insights are becoming increasingly dominant in information management, and with the reinvigorated role of data visualization, this imperative is a driving force to creating a visual culture of data discovery. The traditional standards of data visualizations are making way for richer, more robust and more advanced visualizations and new ways of seeing and interacting with data. However, while data visualization is a critical tool to exploring and understanding bigger and more diverse and dynamic data, by understanding and embracing our human hardwiring for visual communication and storytelling and properly incorporating key design principles and evolving best practices, we take the next step forward to transform data visualizations from tools into unique visual information assets. Discusses several years of in-depth industry research and presents vendor tools, approaches, and methodologies in discovery, visualization, and visual analytics Provides practicable and use case-based experience from advisory work with Fortune 100 and 500 companies across multiple verticals Presents the next-generation of visual discovery, data storytelling, and the Five Steps to Data Storytelling with Visualization Explains the Convergence of Visual Analytics and Visual discovery, including how to use tools such as R in statistical and analytic modeling Covers emerging technologies such as streaming visualization in the IOT (Internet of Things) and streaming animation **Död mans grepp** Peter James 2014-01-31 Det har gått tio dagar sedan Carly Chase blev inblandad i en bilolycka, som dödade en tonårsstudent, och hon är fortfarande svårt chockad. Då får hon en nyhet som kommer att förvandla hennes liv till ett rent helvete ... För förarna av de två andra bilarna som var involverade i olyckan har hittats döda - torterade till döds. Kommissarie Roy Grace måste varna nu varna Carly om att hon kan stå näst på tur. Polisen råder Carly att skydda sin identitet och gömma sig men Carly vägrar - hon vet att om någon vill hitta henne så går det ändå. Och om polisen inte kan skydda henne, då måste hon själv göra det! Men mördaren är redan ett steg före henne: iakttagande, väntande och redo ...

The Minding Organization Moshe F. Rubinstein 1999-08-30 A few years ago, Cementos Mexicanos (Cemex), the world's third-largest cement company, was struggling. More than two-thirds of their deliveries were late, customer complaints were numerous, and new orders were dwindling sharply. Then Cemex executives realized they needed to get a glimpse of the future. They saw themselves responding to customer needs as each need emerged. They visualized successful deliveries with orders placed only an hour in advance. Their entire organization became involved in the process of adapting to unplanned occurrences. By embracing the uncertainty and chaos of their business and a company-wide commitment to excellence, Cemex was completely transformed in a matter of months. This is a remarkable example of minding: identifying a purpose, developing a team, and acting to accomplish that purpose. Achieving this kind of high-level connection is what The Minding Organization is all about. This book will show you how to transform your organization into one that behaves like a living organism-alive with ideas and instantly able to adapt for survival in an increasingly complex, unpredictable global business world. A minding organization coordinates its efforts as a single being; the right hand literally knows what the left hand is doing. The minding process will help you save precious work time, avoid costly mistakes, build incentives for speed, and find creative solutions when unpredictable problems arise. Creating a minding organization will teach you how to: * Operate on the edge of chaos, embracing uncertainty as a strategy * Bring insights up front that would normally be learned much later * Distribute decision-making in such a way that everyone has the responsibility to be right and the authority to be wrong * Create an environment in which the human spirit can soar

The Minding Organization will show you how less planning and more adapting makes for a competitive advantage, as you learn to cope with new, ever-changing conditions and innovate faster than your competitors. Praise for The Minding Organization Professor Rubinstein is one of the foremost experts on creativity within organizations. The Minding Organization is a well-written guide . . . [that] is must reading for anyone responsible for minding the organization.-Norman R. Augustine, Chairman of the Executive Committee, Lockheed Martin

The authors make intuitive good sense and give strategic thinkers the tools they need to turn perceived liabilities-chaos, disorder, unpredictable change-into assets. I've made it must reading for everyone in my organization. The only people I haven't recommended it to are my competitors.-Timothy W. Hannemann, Executive Vice President and General Manager, TRW

This book gives an accessible view of the organization as a living, connected organism. Drs. Rubinstein and Firstenberg have shared an insightful and elegant concept of what successful twenty-first-century organizations MUST be like if they want to survive and grow. We are putting the ideas in this book to use now!-Michael E. Allgeier, Division Vice President, Sensors and Electronics Segment, Raytheon

Rubinstein is as ebullient in print as he is in person. The Minding Organization transcends time and theory, enabling the practice of innovation as an everyday occurrence.-Stephan Argent, Creative Director, iCandy Inc. In this book you'll find out how to open up a world of opportunity by 'bringing the future to the present'-visualizing the ideal end state and working backwards. You'll see how many obstacles can be eliminated, making the unachievable achievable.-Tom Williams, Vice President, Long Range Strike Business Area, Northrop Grumman Corporation

Blobjects and Beyond Steven Skov Holt 2005-07-14 "Turning away from the hard angles and edges of conventional modernism, blobjects are the design of now, and the future. Blobjects & Beyond is the first survey of the explosion of amorphic, organic, and curvaceous design. A formless from with roots in Surrealism and the kidney-shaped motifs of the 1950s, the ever more biological blobject has come into its own, embodying and reflecting the new international ethos of fluidity." "Authors Steven Skov Holt and Mara Holt Skov - curators of a major exhibition of blobjects at the San Jose Museum of Art - and contributors Phil Patton and Bruce Sterling, parse the various manifestations of the blobject, bringing together the realms of art, architecture, industrial design, graphics, digital design, furniture, and pop culture. As a counterpoint to the

effusive popularity of the blobject, the authors also address more recent, post-9/11 forms that are mutated and disturbed, dangerous and intimidating - the dark side of the blobject." "A manifesto for fluidity across disciplines, cultures, and international boundaries, Blobjects & Beyond documents the first major design language to bridge the last millennium with the new one."--BOOK JACKET.
